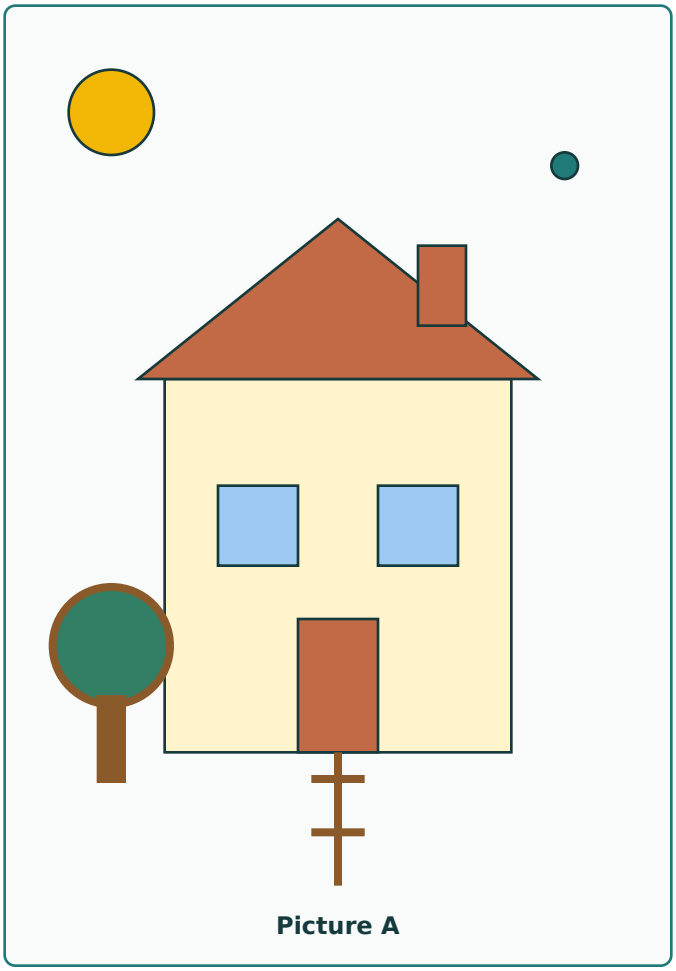
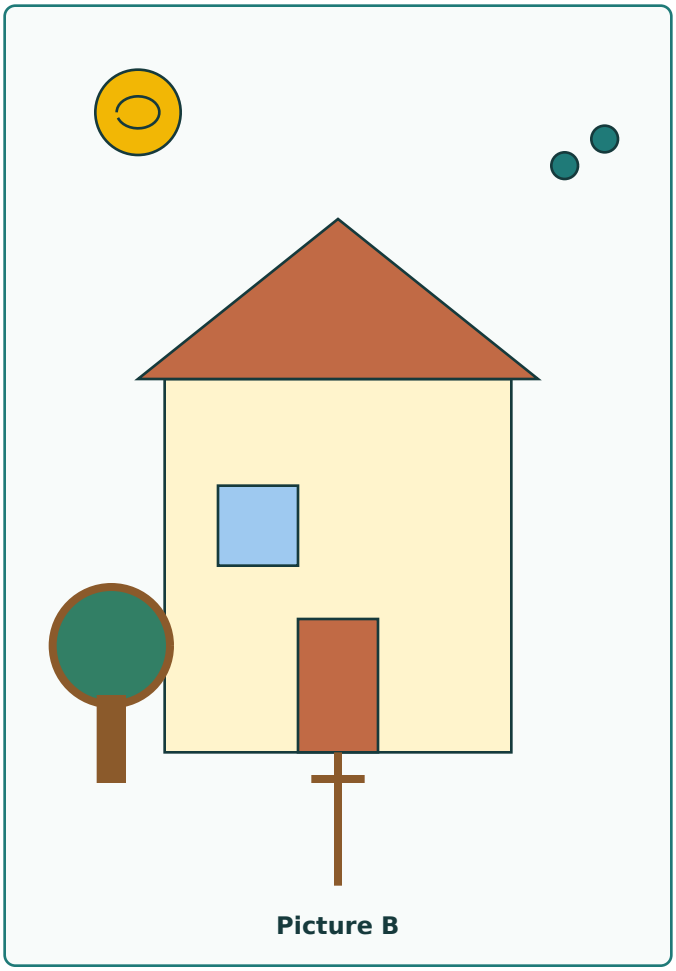
Homemade Spot-the-Difference Drawings

Ages 5-6 | Print at actual size · US Letter · use the whole page, no cutting required

Parent guide: Look from top to bottom. Circle each difference in both pictures and keep a tally. Five differences are enough. Keep page 2, the adult key, out of view until you compare answers.



Picture A



Picture B

Tally of differences. Circle a box as you find each one.

The adult answer key is on page 2. Fold that page back or set it aside before you start looking.

Homemade Spot-the-Difference Drawings

Ages 5-6 | Adult key | Keep this page out of view during the search

Adult key - exactly five planned differences. Compare after the search. The pictures on page 1 were not changed in this revision.

1) The sun has a smile in Picture B (Picture A is a plain circle).

2) The chimney is present in Picture A and missing in Picture B.

3) The second window is present in Picture A and missing in Picture B.

4) Picture B has two birds; Picture A has one bird.

5) Picture A has an extra path line; Picture B has only the vertical path.

There is no flower or petal change on this sheet. If a circled mark is not one of these five, look at that area again together.
